Project Name	Project – Nutrition Assistant Application
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

For brainstorming ideation we have used [mindmeister.com](https://www.mindmeister.com). The problem statement and the prioritized ideas can be found in the top and the ideas provided by each participants are provided in the bottom.
